

February 4 - 11, 2022

\$2,085

****Note: Friday - Friday**

Winter Park Resort is a Colorado favorite. Originally built by the city of Denver as a "winter park" for its residents, Winter Park Resort has continually operated since 1939. While it is only 60 miles from Denver, it is separated by huge mountain ranges and therefore has a very remote feel to it.

The ski area is known for being a very family friendly resort and has terrain for all ability types. Winter Park contains over 3,000 skiable acres that span across two distinct mountains and Winter Park Mountain is home to a majority of beginner and intermediate trails. Mary Jane Mountain is home to amazing tree skiing, world-class moguls and wide open alpine bowls.

The resort has modern amenities with an extensive well developed trail system. The village base includes multiple lodging, dining and shopping options. In addition to the amenities in the village base, the town of Winter Park offers an extensive array of dining choices as well as an abundance of shopping and other activities. Many of the restaurants and bars offer daily Après Ski discounts.

Experience Winter Park a true Colorado Mountain Town..

Mountain Stats:

- Base elevation: 9,000 ft
- Summit elevation: 12,060 ft
