About Costa Rica and the Trip:
Costa Rica is one of the most biodiverse countries in the world; it contains about 5% of the world’s species. The lush wild natural environment can be experienced all throughout the country and is easily accessible to the curious visitor. Costa Rica is a safe paradise. Unlike other countries, Costa Rica enjoys a very stable political climate and economic development. Costa Rica offers dreamlike landscapes, kind people willing to share their culture, and a safe country to experience natural wonders. This trip offers a combination of adventurous activities in a tropical paradise where travelers experience incredible wildlife and natural wonders. We will visit two national parks that include a cloud forest, rivers, waterfalls, a volcano, hot springs, a tropical rain forest, pristine beaches, and amazing flora and fauna, including monkeys, tropical birds, sloths, reptiles, and butterflies. Join your Gator friends on an adventurous journey of a lifetime offered at a surprisingly low price!!
